Count on us

We have a long-standing tradition of giving back to the communities we serve and are proud to have supported over 100 Maine non-profits in 2020.

The following donations have helped address food insecurity in Maine:

- A donation of \$200,000 to the United Way of Maine with \$175,000 earmarked for Meals on Wheels provided nutritious meals to homebound adults in our communities.
- A \$110,000 donation to Full Plates Full Potential helped feed Maine children who get their meals through federal child nutrition programs.
- More than \$50,000 was dedicated to local food banks in our service territory.

Our Tree Care program helps keep the lights on

Falling branches and uprooted trees are the number one cause of power outages. To provide you with safe, reliable electric service, our qualified contractors prune and remove trees along public roads using standards endorsed by the Tree Care Industry Association.

If you would like us to consult with you before* pruning near your home, return this form. If you already sent a form to us, we still have it on file, so you don't need to send us another one.

**If trees cause power outages or pose an immediate hazard to safety or service reliability, we must perform emergency tree work and will not be able to contact landowners beforehand.*

Yes, please consult with me before non-emergency pruning or removing trees along public road(s) bordering my property.

Please send this form **separately from your bill payment** to:
Central Maine Power Company, Tree Care, 83 Edison Drive, Augusta, ME 04336
