Do you qualify for CMP's Electricity Lifeline Program?

You may qualify for our Electricity Lifeline Program (ELP), which provides electricity bill credits or other services, if your household qualifies for the Low Income Home Energy Assistance Program (LIHEAP).

Contact your local Community Action Program (CAP) Agency to apply for ELP to help pay your electric bill.

Your local CAP Agency will determine your eligibility for ELP based on your annual cost of electricity and your household income. Please visit cmpco.com or dial 211 to find the CAP Agency nearest you.

Oxygen Pump/Ventilator Assistance Program

Customers who qualify for CMP's Electricity Lifeline Program may also be eligible to participate in our Oxygen Pump/Ventilator Assistance Program.

To receive the oxygen pump/ventilator benefit, your certification must be renewed annually for each program year. The certification form must be completed and signed by a physician.
