

## Your power, your way

### Managing your account just got easier!

You can customize your account by updating your billing, payment and alert preferences, all in one place.

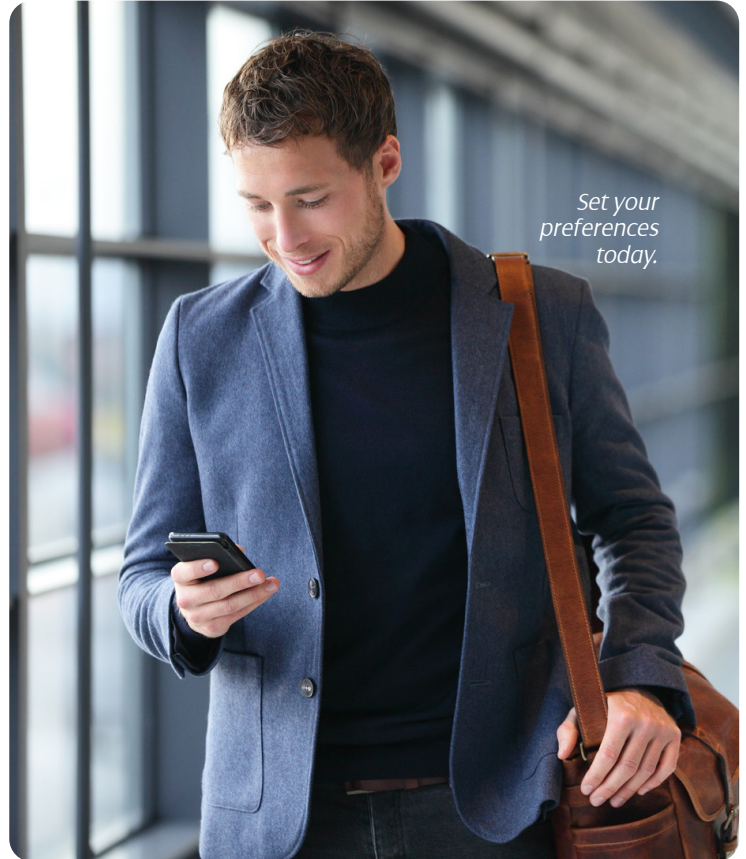

Just log in to your **cmpco.com** account and go to Preferences.

On the Preferences page, you can sign up for important programs and services and let us know how you'd like us to communicate with you, by simply switching them from "off" to "on!"

- Set your billing preferences: **eBill, Automatic Payments, Supply Choice**
- Set your alert preferences: **Payment Alerts, Usage Alerts, Outage Alerts**
- Sign up for **Energy Manager**

Log in to **My Account** and select the **Preferences** tab to try it now.

Set your preferences today.

## Power on: Bringing wind and solar energy to Western Maine

*Mike Shutts, CMP Environmental, Health and Safety manager, on site at Roxbury – a state-of-the-art substation that connects to clean, renewable energy.*

Ten years ago, we rebuilt an aging substation in Roxbury, Maine, to ensure that the 50 MW of wind power produced by Record Hill Wind could safely be brought onto the grid, delivering renewable energy to New England.

A year ago, RoxWind, a second nearby wind farm, also connected to this substation, adding more clean renewable power.

With Roxbury Solar, a 55 MW solar installation, now in development, plans are shaping up to connect this project too. And, plans are underway to add even more solar power.

We are working across our system to make sure the power grid that you depend on supports the development of clean, renewable energy sources.

These upgrades ensure safe reliable power delivery to your home or business.

Can you see  
your savings?  
Jen can!

Ever wonder how much electricity you use in a day? Jen knows! She sees how much electricity she uses day-by-day and hour-by-hour with **Energy Manager**.

## We can help with your energy bill

If you're having trouble managing your energy bills, we have free programs and services available to help you get caught up and manage your energy costs. Below are just a few resources designed to help.

- **Emergency Rental Assistance Program.** If you rent your home and need assistance with your electric bill, funding is available through **Maine's Emergency Rental Assistance Program**. For more information about the program please visit [mainehousing.org](http://mainehousing.org).
- **Energy Manager.** View your hourly or daily energy use online and get tips for managing your use to help reduce your bill. Sign up today at [cmpco.com/EnergyManager](http://cmpco.com/EnergyManager).
- **Usage Alerts.** Powered by your smart meter, receive an alert if you exceed a set amount of usage or cost, weekly updates of your energy use, and any big changes in your daily use. Once enrolled, text **USAGE** to **267898** anytime for an update. Sign up at [cmpco.com/alerts](http://cmpco.com/alerts).

For a complete list of our programs and services, please visit [cmpco.com/HelpWithBill](http://cmpco.com/HelpWithBill).

## Together we made a difference!

Thanks to you, we donated \$1.00 for every **eBill** signup we received in November and December resulting in a **\$2,500 donation to Full Plates Full Potential**.

With your **eBill** signup, we are helping **Full Plates Full Potential** to overcome food insecurity within our community. And you're enjoying the ease and convenience of **eBill**!

## Tree Care helps deliver reliable service

We use a variety of techniques to clear trees, branches and shrubs from our lines. If you prefer that we don't use herbicides on transmission corridors next to your property, we won't. With a Landowner Maintenance Agreement, you have the option of clearing trees and shrubs on your own.

For more information, visit [cmpco.com](http://cmpco.com), select Outages, then click on Tree Care. Scroll down the page to Additional Information and click on "form" or write to: CMP Vegetation Management, 83 Edison Drive, Augusta, ME 04336.
