## This is how we prepare for severe weather

- We manage vegetation to prevent trees and limbs from taking down power lines.
- We inspect our poles and maintain and replace them as necessary.
- We monitor forecasts and start preparing early when a major storm is forecast.
- When a storm is on the way, we stock up on supplies and fuel and get our vehicles ready to roll.

## Mainers helping Mainers: Making a difference every day

Our employees are not only dedicated to our important mission of providing safe and reliable electric service, they are also committed to making our communities stronger.

From participating in benefits, donating toward a number of local causes or lending their expertise to our next generation of Mainers, they're making an impact every day.

Recently, a group of CMP employees participated in an all-women Habitat for Humanity build. The group of 13 worked hard all day to build a home for a local family in need.
