

Central Maine Power Company (CMP)
2024 ISO New England Inc. Transmission, Markets and Services Tariff
Docket No. ER20-2054
Maine Public Utilities Commission (MPUC)
Data/Information Request No. 2

September 10, 2024

MPUC-CMP-2-1

Q: In response to MPUC-CMP 1-20, CMP recognized a contingent liability of approximately \$104 million for non-utility generator power in 2023. Please confirm this liability was removed from the transmission formula rate.

A: The contingent liability is not included in the transmission formula rate. Accordingly, it is unnecessary to make any additional adjustment to remove the contingent liability from the transmission formula rate.

Response Prepared and Submitted By: James Clemente, Director – Transmission Analytics
