

ME EBT Change Request	2001-001
------------------------------	-----------------

Submitted by / Date: Maine EBT Members	Affected EDI Transaction Set(s): 814 Successful Change Response (for both 814-2 and 814-3)
Priority: Completed	Requested Implementation Date: Implemented 5/02

Brief Explanation: Currently when Suppliers send the Distribution Companies in Maine an 814 Change Transaction to change supplier rates, billing option, etc, the Supplier will only receive notification if the transaction was rejected on the Distribution Company's CIS System. This request is a recommendation for the Distribution Companies to send successful change transactions to the suppliers much like the 814-9, successful drop or 814-4 successful enrollment so that suppliers know that the change was made and so that they do not need to manually follow-up with the Distribution Companies for acknowledgement. It is also under consideration to develop for the 814-3 transaction.

Detail Explanation:

- Add a new 814 transaction "Confirm Change". (814-11)
- The "Confirm Change" transaction will include the information that actually changed on the Distribution Company's CIS systems including all the other information contained in the successful enrollment response
- (see attachment for sample of the recommended transaction)

Discussion Items:

1. Does Maine also consider developing positive responses for all transactions?
2. Do we echo back the old information along with the new information?
3. Do we use an existing transaction like the 814-4 or 814-9 or do we consider developing a new change confirmation 814-11?

Date(s) of EBT Discussion: 6/29/01, 8/09/01, 9/12/02, 10/11/02, 12/6/02, 2/14/02, 4/11/02	Expected Implementation Date: April 1 st , 2002 Revised to May 1 st , 2002
--	---

EBT Discussion and Resolution:

Redlined required documents, need to have EBT Business Rules Document approved by MPUC. EBT Business Rule Document were approved by MPUC on 3/27/2002

814-11
